

Minding Your Ideas: Create a Mind Map

Creating a mind map for your ideas could be the beginning of something great. Often, we're so focused on doing something a specific way, we **don't give ourselves the opportunity** to try other methods. Mercury is too great of a planet and energy for us to limit it with a basic thinking. Open yourself up, get creative + free—and most importantly, excited to try out new ways of thinking and imagining things. Also, don't forget to check **thewritingorbit.com** for more!

Who is this idea for?

What are you creating?

Where are you going with this?

Why is this important?
